

SPREE

E-Commerce in Ruby on Rails

The screenshot shows the Spree website with a navigation bar at the top containing links for HOME, DOCS, BLOG, RESOURCES, EXTENSIONS, CASE STUDIES, and BUZZ. Below this is a secondary navigation bar with TOUR, COMMUNITY, SHOWCASE, and DOWNLOAD. The main content area features a large blue section titled "FLEXIBILITY" with the text "No more expensive upgrades. Our powerful extension system makes it easy to customize Spree to suit your exact business needs." and a "SEE IT IN ACTION" button. To the right is a preview of a custom store called "sticker mule". The bottom section includes three columns: "Cloud-Tested" (describing hosting options), "Ruby-Powered Performance" (describing community support), and "LEARN MORE" (with a list of links: Store Showcase, Source Code, Screenshots, License, Testimonials, and Buzz).

Cloud-Tested

Spree soars in the "cloud". Host your store on the next generation of server technology or deploy Spree in a traditional hosting environment.

Ruby-Powered Performance

We carefully monitor progress in the Rails community and provide timely support for every Ruby on Rails release.
